Flat Rate Meeting Room Changeover: The labor to changeover a meeting room from a “standard set” to a “standard set” (see attached Standard Set Policy) is a flat rate of $250* per meeting room (regardless of the size of an individual room). A Meeting Room is classified individually as the: 100’s; 200’s; 300’s; 400’s; 500’s; 600’s; 700’s; Mile High 1a,b,c,d,e,f; Mile High 2a,b,c; Mile High 3a,b,c; and Mile High 4a,b,c,d,e,f.

*Additional labor may apply when “quick turns” are scheduled and determined by Operations.

Standard Set Policy: In accordance with the License Agreement, Addendum 1 language, a standard set is outlined in the attached Standard Set Policy. A standard set will now also include: hollow square, U-shape, and conference sets. As long as the room changeover is a standard set, comprehensive of the equipment for an initial room set, the EM will not need to apply any other labor to provision setting equipment.

Examples:
To changeover meeting room 102 from a standard theater set to a hollow square is $250.
To changeover meeting room 102 from a standard theater set to a standard classroom set is $250.
To changeover 102-104 as a combination theater set to 102 and 104 set individually as a classroom set is $250+$250=$500.
To changeover 102 from a standard theater set to a classroom set that has an 8’x18’x16” riser plus a total of 4 mics (2 at each head table), the EM would charge a flat rate changeover of $250 plus labor to provision the following equipment that is not included in our standard set policy: 1 extra riser ($30), 1 extra head table ($20), and 2 mics ($100).
To changeover 102-104 from a standard theater set to a 102-104 display/exhibits set is $250+$250=$500 for two room changeovers PLUS the cost of provisioning labor for each table at $20 per table.
On site, if a client needs to strike the back half of a classroom set and add theater seating, the EM would solicit the Building Services Supervisor for an estimate of the labor to accommodate this labor request.
**Flat Rate Ballroom Changeover:**

**Mile High Ballroom:** The labor to changeover the *entire* Mile High Ballroom from a standard set to a standard set is a flat rate of **$3,000.** Proportionate to a full section changeover, the cost would be reduced proportionately. A full section Mile High Ballroom is classified as: Mile High 1; Mile High 2; Mile High 3; and Mile High 4.

**Cost Breakdown:**

- To changeover Mile High 1 from a standard set to a standard set is $750;
- To changeover Mile High 23 from a standard set to a standard set is $1500;
- To changeover Mile High 34 from a standard set to a standard set is $1500;
- To changeover Mile High 4 from a standard set to a standard set is $750;
- To changeover Mile High 123 from a standard set to a standard set is $2,250;
- To changeover Mile High 234 from a standard set to a standard set is $2,250.

**Additional labor *may* apply when “quick turns” are scheduled and determined by Operations.

**Four Seasons Ballroom:** The labor to changeover the *entire* Four Seasons Ballroom from a standard set to a standard set is a flat rate of ***$2,100.** Proportionate to a full section changeover, the cost would be reduced proportionately. A full section Four Seasons Ballroom is classified as: Four Seasons Ballroom 1, Four Seasons Ballroom 2-3, and Four Seasons Ballroom 4.

**Cost Breakdown:**

- To changeover Four Seasons 1 from a standard set to a standard set is $525;
- To changeover Four Seasons 12 from a standard set to a standard set is $1050;
- To changeover Four Seasons 23 from a standard set to a standard set is $1050;
- To changeover Four Seasons 34 from a standard set to a standard set is $1050;
- To changeover Four Seasons 4 from a standard set to a standard set is $525;
- To changeover Four Seasons 123 from a standard set to a standard set is $1575;
- To changeover Four Seasons 234 from a standard set to a standard set is $1575.

***Additional labor *may* apply when “quick turns” are scheduled and determined by Operations.
